## A Year With Employ Me

Since we first met in Prague as a group of seven nations dedicated to improving the lives of migrants within our frontiers to discuss how we should proceed, we have come a long way on our quest.

To recap, here is what we have accomplished in a year of hard work: we have created games by combining interactive education and fun and successfully implemented the following ten employability skills within the Employability Skills Toolkit:

1. Problem-Solving
2. Business Acumen
3. Leadership
4. Communication
5. Teamwork
6. Organization
7. Negotiation and Persuasion
8. Confidence
9. Perseverance and Motivation
10. Time Management

# EMPLOY ME

Pg 2

The Toolkit consists of gamified materials consisting of lessons in English as well as the languages of nations participating in Employ Me (Lithuanian, French, Bulgarian, Greek, Spanish, and Czech). On this issue, we have already completed the piloting we previously mentioned in the last newsletter in November.

## The Handbook

If you are wondering how to use the Toolkit, we would like to refer you to our previous newsletter, where we wrote in detail about the handbook, which you can find on our page [employ-me.eu](https://employ-me.eu).

## Virtual Academy

Last time, we let you know about the latest phase of this project, which was the creation of the Virtual Academy. We are pleased to announce we are on track to wrap up development (translations, gamification of educational lessons) by the end of April. Piloting should commence in May and June.

The Virtual Academy is built on the Employability Toolkit, where you will be able to find more practical games and materials to help you on your growth journey.

## HELP US HELP YOU

The project's main goal is to help foreign nationals develop their skills and move with ease in the labor market, so your feedback matters to us. If you are a foreign national, or someone working with our target group, don't hesitate to get in contact and have your say in our project!

You can find us on Facebook under Employ Me, on Instagram under @employme\_project, or you can write to a partner representing your country of residence.
